# Bharath Raj Rajamohan

Singapore | +65 9181 4046 | official.bharathraj@gmail.com
github.com/Bharath-Raj-Official | linkedin.com/in/bharath-raj-920900444

## EDUCATION

**University of London** Oct 2023 - Sep 2026
Bachelor of Science (Honours) in Computer Science (Machine Learning and Artificial Intelligence)
First Class Honours | Studied at Singapore Institute of Management (SIM)

## TECHNICAL SKILLS

**Languages:** Python, C++, TypeScript, JavaScript, SQL
**Backend & data:** FastAPI, Pydantic, MySQL, SQLite, Firebase / Firestore, REST APIs
**Machine learning:** PyTorch, Hugging Face Transformers, computer vision, NLP, LLM integration
**Automated testing:** Jest, React Testing Library, pytest, Apache JMeter, Postman
**Tools:** Git, Jira, Power BI, Microsoft Power Automate

## EXPERIENCE

**TechVerse Consulting Pte. Ltd.** Apr 2026 - Sep 2026
Full Stack Developer Intern (part-time)

- Automated unit and integration testing with Jest and React Testing Library, raising HR dashboard test coverage from 30% to over 80%.
- Ran API performance testing (load and stress) with Apache JMeter; identified a database bottleneck that informed the team's MongoDB indexing strategy.
- Resolved 45+ Jira tickets by debugging UI defects, Redux state issues and API data formatting.
- Built the corporate website with Next.js and Contentful, enabling independent marketing content updates.

## SELECTED PROJECTS

**Cuneiform Tablet Reader** Sep 2026
Python, PyTorch, Hugging Face Transformers, FastAPI

- Fine-tuned pretrained YOLOv8s for computer vision and adapted DistilRoBERTa for natural language processing (NLP), with confidence-weighted fusion.
- Built FastAPI backend REST APIs with Pydantic validation and local Llama LLM integration; evaluated sign restoration on 30 test tablets using word/character error rates.

**EyeSpy | Offline Sighting Journal** Sep 2026
TypeScript, React Native / Expo, SQLite, Firebase / Firestore

- Implemented offline synchronisation with SQLite persistence and a Firestore upload queue, including retry and backoff for interrupted connectivity.
- Queried the GBIF REST API by location/date; implemented coordinate blurring and unit tests for data merging, formatting and privacy logic.

**Gaze-Controlled Sketchpad** Mar 2026
JavaScript, p5.js, ml5.js

- Implemented gaze calibration and smoothing using a pretrained facial-landmark model, with mouth gestures to control drawing.

## CERTIFICATIONS

Certified Business Analytics Specialist | Global ICT Training & Certification
AWS Academy Cloud Foundations
